

## **curriculum vitae**

### **1. Personal Information**

Name: Fayyadh Abdullah Ali

Nascent: Baghdad -1957

Degree: Assistant Professor

Marital status: Married

Number of children: (2) Two

### **2. Qualifications**

Bachelor in statistics    Baghdad University in 1979

Master in statistics - linear programming - Baghdad University --1985

PhD in statistics - simultaneous equations - Baghdad University – 2000

### **3. Experience in teaching**

- Inferential Statistics .
- Experimental Design .
- Operation Research .
- Regression Analysis .
- Probability Theory .
- Discrete Structures .
- Statistics .
- SPSS .

### **4. Fields of scientific research**

- Robust estimation in simultaneous equation models - Journal of Mosul University -2001.
- The proposed modification of three stages least squares method - the Second Regional Conference of the science of statistics 31 October -1 November 2001 the University of Mosul.
- Best statistical estimation methods in the construction of a standard form of the Jordanian economy - Journal of Economic and Administrative Sciences - Volume IX - No. 40, 2005.

- Electronic education and Traditional education - a comparative analysis - Journal of Baghdad College of Economic Sciences University -No 19 , 2009.
  
- Transfer and localization of technology and its impact on human resource development, Empirical Study - Journal of Baghdad College of Economic Sciences University - No 25 , 2010.
  
- Comparison of the estimated parameters by two stages least square method and three stages least square method, Kut Journal of Economic and Administrative Sciences-fifth issue first volume -2011.
  
- Study the efficiency of agricultural researchers - An Empirical Study of the Ministry of Science and Technology – Al-Ma'moon college journal - semi-annual scientific magazine Court - Issue fourteenth 2009.
  
- using statistical methods in the training program Knowledge Measurement - - Journal of Baghdad College of Economic Sciences University – No. 25 , 2010
  
- The convergence of the proposed Poisson distribution I from the Binomial distribution - Second Scientific Conference of the Faculty of Business and Economics, University of Wasit 3 to 4 April 2012.
  
- The effect of the type of study at the scientific level of the students of the first class in the Department of Statistics - University of Wasit using MANOVA - Fourth International Scientific Conference of the Union of Arab statisticians 20-21 \ 11 \ 2013 Baghdad.
- Authored a book in probability "Probability Theory and Applications",2014
- The impact of the training program in increasing knowledge and factors affecting it - National Conference for Technical and Vocational Education and Training - Baghdad (11-12 May-2016).
- Factor Analysis in the Diagnosis of Factors Affecting the Performance of Agricultural Researchers: An Applied Study in the Ministry of Science and Technology - Baghdad 22/12/2016
- Determining Factors Affecting Smoking Using Logistic Regression Model: An Applied Study at Wasit University, Ninth Scientific Conference, Karbala University
- using of parametric and non-parametric tests to identify the development of scientific level for the academic years 2012-2016 ,Applied Study in the Department of Statistics, Wasit University, Jihan University, Sulaymaniyah,2017

- The stability of money supply and its impact on the level of inflation, the seventh scientific conference 15-4-2018 Journal of Baghdad College of Economic Sciences University-special issue

= Analysis of semi-parametric single-index models by using MAVE-method based on some kernel International journal of advanced statistics and probability 2017

= Identification radio-lucent and radio-opaque kidney stones *IOSR ( Journal of Mathematics (IOSR-JM),2017*

- Efficient regression estimators for ordinary least squares and Jackknife based on Jackknife algorithm by deleting one case Al Kut Journal of Economics Administrative Sciences / ISSN: 1999 -558x,2017

- A proposed method for modifying the third stage of the three stages least squares method: real data Al Kut Journal of Economics Administrative Sciences / ISSN: 1999 -558x

- The impact of the housing situation on the scientific level of the student  
Applied Study at Wasit University

-Identify factors affecting health services An applied study in Wasit city
